

**MITEL GOVERNMENT SYSTEMS GROUP
PRICE LIST**

EFFECTIVE: September 10, 2000

DISCLAIMER

Please be advised that this "Downloaded" version of the Price List may not have the most up-to-date prices. Please refer to the Mitel "On-Line" Price List for daily updated product pricing.

Mitel hereby grants Government End User the right to use the Price List contained herein ("soft copy" format) for internal purposes only and is in no way meant to influence the resale price of products contained herein.

Mitel reserves the right to make changes without notice, in the design, format and content as it deems necessary or desirable and disclaims responsibility and all liability for any typographical, formatting, and/or category errors and/or omissions.

INFORMATION FOR ORDERING OFFICES**SPECIAL NOTICE TO AGENCIES:****Small Business Participation**

SBA strongly supports the participation of small business concerns in the Federal Supply Schedules Program. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micropurchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!™ on-line shopping service (www.fss.gsa.gov). The catalogs/pricelists, GSA Advantage!™ and the Federal Supply Service Home Page (www.fss.gsa.gov) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

1. Geographic Scope of Contract:

Sales area is limited to the 48 contiguous states and the District of Columbia, Alaska, Hawaii and Puerto Rico.

2. Contractor's Ordering Address and Payment Information:

Ordering Address:

Mitel, Inc. – Government Systems Group
205 Van Buren Street
Suite 400
Herndon, VA 20170-5336

Payment Address:

Mitel, Inc.
Department 771129
PO Box 77000
Detroit, MI 48277-1129

Contractors are required to accept the Government purchase card for payments equal to or less than the micro-purchase threshold for oral or written delivery orders. Government purchase cards **will** be acceptable for payment above the micro-purchase threshold. In addition, bank account information for wire transfer payments will be shown on the invoice.

The following telephone number(s) can be used by ordering agencies to obtain technical and/or ordering assistance:

(703)318-7020

3. LIABILITY FOR INJURY OR DAMAGE

The Contractor shall not be liable for any injury to Government personnel or damage to Government property arising from the use of equipment maintained by the Contractor, unless such injury or damage is due to the fault or negligence of the Contractor.

4. Statistical Data for Government Ordering Office Completion of Standard Form 279:

Block 9: G. Order/Modification Under Federal Schedule

Block 16: Data Universal Numbering System (DUNS)

Number: 03-869-7942

Block 30: Type of Contractor – C. Large Business

A. Small Disadvantaged Business

B. Other Small Business

C. Large Business

G. Other Nonprofit Organization

(1) Foreign Contractor

REVISION – AMENDMENT #3

Block 31: Woman-Owned Small Business - No

Block 36: Contractor's Taxpayer Identification Number (TIN): 59-1855-641

4a. CAGE Code: 5R478

4b. Contractor **has** registered with the Central Contractor Registration Database.

5. FOB Destination

6. DELIVERY SCHEDULE

a. **TIME OF DELIVERY:** The Contractor shall deliver to destination within the number of calendar days after receipt of order (ARO), as set forth below:

SPECIAL ITEM NUMBER	DELIVERY TIME (Days ARO)
<u>132-8</u>	<u>30 days ARO</u>
<u>132-33</u>	<u>30 days ARO</u>

Expedited delivery is available for all Mitel items utilizing Federal Express. Expedited Delivery is available for all Mitel items utilizing Federal Express. In order to take advantage of this expedited delivery, please do the following:

- a) Fax to 613/591-2308 (Mitel US Order Desk) a listing, by Mitel part number and quantity, those Mitel items you wish to have delivered via Fed Ex
- b) Within 48 hours, Mitel US Order Desk will fax back to requesting agency, a copy of the Government provided listing with the FedEx cost noted
- c) Place this cost as the last line item on the Government purchase order and forward to Mitel for processing.

b. **URGENT REQUIREMENTS:** When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering agency, agencies are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the ordering agency, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

REVISION – AMENDMENT #2

7. Discounts: Prices shown are NET Prices; Basic Discounts have been deducted.

- a. Prompt Payment: 0% - 30 days from receipt of invoice or date of acceptance, whichever is later.
- b. Quantity – None
- c. Dollar Volume - Any single GSA contract order over \$200,000.00 will receive an additional 4% discount.
- d. Government Educational Institutions
- e. Other

8. Trade Agreements Act of 1979, as amended:

All items are U.S. made end products, designated country end products, Caribbean Basin country end products, Canadian end products, or Mexican end products as defined in the Trade Agreements Act of 1979, as amended.

9. Statement Concerning Availability of Export Packing:

Packaging for export can be provided by Mitel on an open market basis upon customer request.

10. Small Requirements: The minimum dollar value of orders to be issued is \$50.00

****See C.10, ORDER LIMITATIONS, paragraph (a) Minimum Order.****

11. Maximum Order: (All dollar amounts are exclusive of any discount for prompt payment.)

a. Special Item Number 132-3 - Leasing of Equipment

The maximum dollar value per order for all leased equipment will be \$500,000.

b. Special Item Number 132-8 - Purchase of Equipment

The maximum dollar value per order for all purchased equipment will be \$500,000.

c. Special Item Number 132-12 - Repair Parts/Spare Parts

The maximum dollar value per order for all repair parts/spare parts will be \$10,000.

d. Special Item Number 132-32 - Term Software Licenses

The maximum dollar value per order for all term software licenses will be \$50,000 or \$500,000.

e. Special Item Number 132-33 - Perpetual Software Licenses

The maximum dollar value per order for all perpetual software licenses will be \$50,000 or \$500,000.

f. Special Item Number 132-50 - Training Courses

The maximum dollar value per order for all training courses will be \$25,000.

g. Special Item Number 132-51 - Information Technology (IT) Professional Services

The maximum dollar value per order for all IT Professional services will be \$500,000.

h. Special Item Number 132-52 - Electronic Commerce (EC) Services

The maximum dollar value per order for all EC services will be \$500,000.

i. Special Item Number 132-53 – Telecommunication Transmission Services

The maximum dollar value per order for all Telecommunication Transmission services will be \$500,000.

Note: Maximum Orders do not apply to Special Item Numbers 132-12 Maintenance and Repair Service (except for Repair Parts/Spare Parts) or 132-34 Maintenance of Software.

12. USE OF FEDERAL SUPPLY SERVICE INFORMATION TECHNOLOGY SCHEDULE CONTRACTS. In accordance with FAR 8.404:

[NOTE: Special ordering procedures have been established for Special Item Numbers (SINs) 132-51 IT Professional Services and 132-52 EC Services; refer to the terms and conditions for those SINs.]

REVISION – AMENDMENT #3

Orders placed pursuant to a Multiple Award Schedule (MAS), using the procedures in FAR 8.404, are considered to be issued pursuant to full and open competition. Therefore, when placing orders under Federal Supply Schedules, ordering offices need not seek further competition, synopsise the requirement, make a separate determination of fair and reasonable pricing, or consider small business set-asides in accordance with subpart 19.5. GSA has already determined the prices of items under schedule contracts to be fair and reasonable. By placing an order against a schedule using the procedures outlined below, the ordering office has concluded that the order represents the best value and results in the lowest overall cost alternative (considering price, special features, administrative costs, etc.) to meet the Government's needs.

a. Orders placed at or below the micro-purchase threshold. Ordering offices can place orders at or below the micro-purchase threshold with any Federal Supply Schedule Contractor.

b. Orders exceeding the micro-purchase threshold but not exceeding the maximum order threshold. Orders should be placed with the Schedule Contractor that can provide the supply or service that represents the best value. Before placing an order, ordering offices should consider reasonably available information about the supply or service offered under MAS contracts by using the "GSA Advantage!" on-line shopping service, or by reviewing the catalogs/pricelists of at least three Schedule Contractors and selecting the delivery and other options available under the schedule that meets the agency's needs. In selecting the supply or service representing the best value, the ordering office may consider--

- (1) Special features of the supply or service that are required in effective program performance and that are not provided by a comparable supply or service;
- (2) Trade-in considerations;
- (3) Probable life of the item selected as compared with that of a comparable item;
- (4) Warranty considerations;
- (5) Maintenance availability;
- (6) Past performance; and
- (7) Environmental and energy efficiency considerations.

c. Orders exceeding the maximum order threshold. Each schedule contract has an established maximum order threshold. This threshold represents the point where it is advantageous for the ordering office to seek a price reduction. In addition to following the procedures in paragraph b, above, and before placing an order that exceeds the maximum order threshold, ordering offices shall--

- (1) Review additional Schedule Contractors' catalogs/pricelists or use the "GSA Advantage!" on-line shopping service;
- (2) Based upon the initial evaluation, generally seek price reductions from the Schedule Contractor(s) appearing to provide the best value (considering price and other factors); and
- (3) After price reductions have been sought, place the order with the Schedule Contractor that provides the best value and results in the lowest overall cost alternative. If further price reductions are not offered, an order may still be placed, if the ordering office determines that it is appropriate.

NOTE: For orders exceeding the maximum order threshold, the Contractor may:

- (1) Offer a new lower price for this requirement (the Price Reductions clause is not applicable to orders placed over the maximum order in FAR 52.216-19 Order Limitations);
- (2) Offer the lowest price available under the contract; or
- (3) Decline the order (orders must be returned in accordance with FAR 52.216-19).

d. Blanket purchase agreements (BPAs). The establishment of Federal Supply Schedule BPAs is permitted when following the ordering procedures in FAR 8.404. All schedule contracts contain BPA provisions. Ordering offices may use BPAs to establish accounts with Contractors to fill recurring requirements. BPAs should address the frequency of ordering and invoicing, discounts, and delivery locations and times.

e. Price reductions. In addition to the circumstances outlined in paragraph c, above, there may be instances when ordering offices will find it advantageous to request a price reduction. For example, when the ordering office finds a schedule supply or service elsewhere at a lower price or when a BPA is being established to fill recurring requirements, requesting a price reduction could be advantageous. The potential volume of orders under these agreements, regardless of the size of the individual order, may offer the ordering office the opportunity to secure greater discounts. Schedule Contractors are not required to pass on to all schedule users a price reduction extended only to an individual agency for a specific order.

f. Small business. For orders exceeding the micro-purchase threshold, ordering offices should give preference to the items of small business concerns when two or more items at the same delivered price will satisfy the requirement.

g. Documentation. Orders should be documented, at a minimum, by identifying the Contractor the item was purchased from, the item purchased, and the amount paid. If an agency requirement in excess of the micro-purchase threshold is defined so as to require a particular brand name, product, or feature of a product peculiar to one manufacturer, thereby precluding consideration of a product manufactured by another company, the ordering office shall include an explanation in the file as to why the particular brand name, product, or feature is essential to satisfy the agency's needs.

13. FEDERAL INFORMATION TECHNOLOGY/TELECOMMUNICATION STANDARDS REQUIREMENTS:

Federal departments and agencies acquiring products from this Schedule must comply with the provisions of the Federal Standards Program, as appropriate (reference: NIST Federal Standards Index). Inquiries to determine whether or not specific products listed herein comply with Federal Information Processing Standards (FIPS) or Federal Telecommunication Standards (FED-STDS), which are cited by ordering offices, shall be responded to promptly by the Contractor.

13.1 FEDERAL INFORMATION PROCESSING STANDARDS PUBLICATIONS (FIPS PUBS): Information Technology products under this Schedule that do not conform to Federal Information Processing Standards (FIPS) should not be acquired unless a waiver has been granted in accordance with the applicable "FIPS Publication." Federal Information Processing Standards Publications (FIPS PUBS) are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Information concerning their availability and applicability should be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, Virginia 22161. FIPS PUBS include voluntary standards when these are adopted for Federal use. Individual orders for FIPS PUBS should be referred to the NTIS Sales Office, and orders for subscription service should be referred to the NTIS Subscription Officer, both at the above address, or telephone number (703) 487-4650.

13.2 FEDERAL TELECOMMUNICATION STANDARDS (FED-STDS): Telecommunication products under this Schedule that do not conform to Federal Telecommunication Standards (FED-STDS) should not be acquired unless a waiver has been granted in accordance with the applicable "FED-STD." Federal Telecommunication Standards are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Ordering information and information concerning the availability of FED-STDS should be obtained from the GSA, Federal Supply Service, Specification Section, 470 East L'Enfant Plaza, Suite 8100, SW, Washington, DC 20407, telephone number (202)619-8925. Please include a self-addressed mailing label when requesting information by mail. Information concerning their applicability can be obtained by writing or calling the U.S. Department of Commerce, National Institute of Standards and Technology, Gaithersburg, MD 20899, telephone number (301)975-2833.

14. SECURITY REQUIREMENTS. In the event security requirements are necessary, the ordering activities may incorporate, in their delivery orders, a security clause in accordance with current laws, regulations, and individual agency policy; however, the burden of administering the security requirements shall be with the ordering agency. If any costs are incurred as a result of the inclusion of security requirements, such costs will not exceed ten percent (10%) or \$100,000, of the total dollar value of the order, whichever is lessor.

15. CONTRACT ADMINISTRATION FOR ORDERING OFFICES: Any ordering office, with respect to any one or more delivery orders placed by it under this contract, may exercise the same rights of termination as might the GSA Contracting Officer under provisions of FAR 52.212-4, paragraphs (l) Termination for the Government's convenience, and (m) Termination for Cause (See C.1.)

16. GSA Advantage!

GSA Advantage! is an on-line, interactive electronic information and ordering system that provides on-line access to vendors' schedule prices with ordering information. GSA Advantage! will allow the user to perform various searches across all contracts including, but not limited to:

- (1) Manufacturer;
- (2) Manufacturer's Part Number; and
- (3) Product categories.

Agencies can browse GSA Advantage! by accessing the Internet World Wide Web utilizing a browser (ex.: NetScape). The Internet address is <http://www.fss.gsa.gov/>.

17. PURCHASE OF INCIDENTAL, NON-SCHEDULE ITEMS

For administrative convenience, open market (non-contract) items may be added to a Federal Supply Schedule Blanket Purchase Agreement (BPA) or an individual order, provided that the items are clearly labeled as such on the order, all applicable regulations have been followed, and price reasonableness has been determined by the ordering activity for the open market (non-contract) items.

18. CONTRACTOR COMMITMENTS, WARRANTIES AND REPRESENTATIONS

a. For the purpose of this contract, commitments, warranties and representations include, in addition to those agreed to for the entire schedule contract:

- (1) Time of delivery/installation quotations for individual orders;
- (2) Technical representations and/or warranties of products concerning performance, total system performance and/or configuration, physical, design and/or functional characteristics and capabilities of a product/equipment/ service/software package submitted in response to requirements which result in orders under this schedule contract.
- (3) Any representations and/or warranties concerning the products made in any literature, description, drawings and/or specifications furnished by the Contractor.

b. The above is not intended to incumpus items not currently covered by the GSA Schedule contract.

19. OVERSEAS ACTIVITIES

The terms and conditions of this contract shall apply to all orders for installation, maintenance and repair of equipment in areas listed in the pricelist outside the 48 contiguous states and the District of Columbia, except as indicated below:

Upon request of the Contractor, the Government may provide the Contractor with logistics support, as available, in accordance with all applicable Government regulations. Such Government support will be provided on a reimbursable basis, and will only be provided to the Contractor's technical personnel whose services are exclusively required for the fulfillment of the terms and conditions of this contract.

20. YEAR 2000 WARRANTY—COMMERCIAL SUPPLY ITEMS

(a) As used in this clause, “Year 2000 compliant” means, with respect to information technology, that the information technology accurately processes date/time data (including, but not limited to, calculating, comparing and sequencing) from, into, and between the twentieth and twenty-first centuries, and the years 1999 and 2000, and leap year calculations, to the extent that other information technology used in combination with the information technology being acquired, properly exchanges date/time data with it.

(b) The Contractor shall warrant that each hardware, software, and firmware product delivered under this contract shall be able to accurately process date time data (including, but not limited to, calculating, comparing, and sequencing) from, into, and between the twentieth and twenty-first centuries, including leap year calculations, when used in accordance with the product documentation provided by the Contractor, provided that all products (e.g. hardware, software, firmware) used in combination with products properly exchange date time data with it. If the contract requires that specific listed products must perform as a system in accordance with the foregoing warranty, then that warranty shall apply to those products as a system. The duration of this warranty and the remedies available under this warranty shall include repair or replacement of any product whose non-compliance is discovered and made known to the Contractor in

REVISION – AMENDMENT #2

writing within ninety (90) days after acceptance (installation is considered acceptance). The Contractor may offer an extended warranty to the Government to include repair or replacement of any product whose non-compliance is discovered and made known to the Contractor in writing at any time prior to June 1, 2000, or for a period of 6 months following acceptance (installation is considered acceptance) whichever is later. Nothing in this warranty shall be construed to limit any rights or remedies the Government may otherwise have under this contract with respect to defects other than Year 2000 performance.

21. BLANKET PURCHASE AGREEMENTS (BPAs)

Federal Acquisition Regulation (FAR) 13.201(a) defines Blanket Purchase Agreements (BPAs) as “...a simplified method of filling anticipated repetitive needs for supplies or services by establishing ‘charge accounts’ with qualified sources of supply.” The use of Blanket Purchase Agreements under the Federal Supply Schedule Program is authorized in accordance with FAR 13.202(c)(3), which reads, in part, as follows:

“BPAs may be established with Federal Supply Schedule Contractors, if not inconsistent with the terms of the applicable schedule contract.”

Federal Supply Schedule contracts contain BPA provisions to enable schedule users to maximize their administrative and purchasing savings. This feature permits schedule users to set up "accounts" with Schedule Contractors to fill recurring requirements. These accounts establish a period for the BPA and generally address issues such as the frequency of ordering and invoicing, authorized callers, discounts, delivery locations and times. Agencies may qualify for the best quantity/volume discounts available under the contract, based on the potential volume of business that may be generated through such an agreement, regardless of the size of the individual orders. In addition, agencies may be able to secure a discount higher than that available in the contract based on the aggregate volume of business possible under a BPA. Finally, Contractors may be open to a progressive type of discounting where the discount would increase once the sales accumulated under the BPA reach certain prescribed levels. Use of a BPA may be particularly useful with the new Maximum Order feature. See the Suggested Format, contained in this Schedule Pricelist, for customers to consider when using this purchasing tool.

REVISION – AMENDMENT #2

22. CONTRACTOR TEAM ARRANGEMENTS

Federal Supply Schedule Contractors may use "Contractor Team Arrangements" (see FAR 9.6) to provide solutions when responding to a customer agency requirements. The policy and procedures outlined in this part will provide more flexibility and allow innovative acquisition methods when using the Federal Supply Schedules. See the additional information regarding Contractor Team Arrangements in this Schedule Pricelist.

**TERMS AND CONDITIONS APPLICABLE TO PURCHASE OF
GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY EQUIPMENT
(SPECIAL ITEM NUMBER 132-8)**

1. MATERIAL AND WORKMANSHIP

All equipment furnished hereunder must satisfactorily perform the function for which it is intended.

2. ORDER

Written orders, EDI orders (GSA Advantage! and FACNET), credit card orders, and orders placed under blanket purchase agreements (BPA) agreements shall be the basis for purchase in accordance with the provisions of this contract. If time of delivery extends beyond the expiration date of the contract, the Contractor will be obligated to meet the delivery and installation date specified in the original order.

For credit card orders and BPAs, telephone orders are permissible.

3. TRANSPORTATION OF EQUIPMENT

FOB DESTINATION. Prices cover equipment delivery to destination, for any location within the geographic scope of this contract.

4. INSTALLATION AND TECHNICAL SERVICES

****NOTE: Mitel equipment is self-installable.****

a. **INSTALLATION.** When the equipment provided under this contract is not normally self-installable, the Contractor's technical personnel shall be available to the Government, at the Government's location, to install the equipment and to train Government personnel in the use and maintenance of the equipment. The charges, if any, for such services are listed below, or in the price schedule:

b. **OPERATING AND MAINTENANCE MANUALS.** Mitel shall furnish the Government with one (1) copy of all operating and maintenance manuals relating to the software being purchased/installed.

5. INSPECTION/ACCEPTANCE

The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any equipment that has been tendered for acceptance. The Government may require repair or replacement of nonconforming equipment at no increase in contract price. The Government must exercise its post acceptance rights (1) within a reasonable time after the defect was discovered or should have been discovered; and (2) before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

6. WARRANTY

a. Unless specified otherwise in this contract, the Contractor's standard commercial warranty as stated in the contract's commercial pricelist will apply to this contract.

7. PURCHASE PRICE FOR ORDERED EQUIPMENT

The purchase price that the Government will be charged will be the Government purchase price in effect at the time of order placement, or the Government purchase price in effect on the installation date (or delivery date when installation is not applicable), whichever is less.

8. RESPONSIBILITIES OF THE CONTRACTOR

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City or otherwise) covering work of this character, and shall include all costs, if any, of such compliance in the prices quoted in this offer.

9. TRADE-IN OF INFORMATION TECHNOLOGY EQUIPMENT

When an agency determines that Information Technology equipment will be replaced, the agency shall follow the contracting policies and procedures in the Federal Acquisition Regulation (FAR), the policies and procedures regarding disposition of information technology excess personal property in the Federal Property Management Regulations (FPMR) (41 CFR 101-43.6), and the policies and procedures on exchange/sale contained in the FPMR (41 CFR part 101-46).

**TERMS AND CONDITIONS APPLICABLE TO MAINTENANCE, REPAIR
SERVICE AND REPAIR PARTS/SPARE PARTS FOR GOVERNMENT-OWNED
GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY
EQUIPMENT (AFTER EXPIRATION OF GUARANTEE/WARRANTY
PROVISIONS AND/OR WHEN REQUIRED SERVICE IS NOT COVERED
BY GUARANTEE/WARRANTY PROVISIONS) AND FOR LEASED EQUIPMENT
(SPECIAL ITEM NUMBER 132-12)**

1. SERVICE AREAS

a. The maintenance and repair service rates listed herein are applicable to any Government location within a N/A mile radius of the Contractor's service points. If any additional charge is to apply because of the greater distance from the Contractor's service locations, the mileage rate or other distance factor shall be stated in paragraphs 7.d and 8.d of this Special Item Number 132-12.

b. When repair services cannot be performed at the Government installation site, the repair services will be performed at the Contractor's plant(s) listed below:

Mitel, Inc.
120 Chimney Point Drive
Ogdensburg, NY 13669-2292

2. MAINTENANCE ORDER

a. Agencies may use written orders, EDI orders, credit card orders, or BPAs, for ordering maintenance under this contract. The Contractor shall confirm orders within fifteen (15) calendar days from the date of receipt, except that confirmation of orders shall be considered automatic for renewals for maintenance (Special Item Number 132-12). Automatic acceptance of order renewals for maintenance service shall apply for machines which may have been discontinued from use for temporary periods of time not longer than 120 calendar days. If the order is not confirmed by the Contractor as prescribed by this paragraph, the order shall be considered to be confirmed by the Contractor.

b. The Contractor shall honor orders for maintenance for the duration of the contract period or a lesser period of time, for the equipment shown in the pricelist. Maintenance service shall commence on a mutually agreed upon date, which will be written into the maintenance order. Maintenance orders shall not be made effective before the expiration of any applicable maintenance and parts guarantee/warranty period associated with the purchase of equipment. Orders for maintenance service shall not extend beyond the end of the contract period.

c. Maintenance may be discontinued by the Government on thirty (30) calendar days written notice, or shorter notice when agreed to by the Contractor; such notice to become effective thirty (30) calendar days from the date on the notification. However, the Government may extend the original discontinuance date upon written notice to the Contractor, provided that such notice is furnished at least ten (10) calendar days prior to the original discontinuance date.

d. Annual Funding. When annually appropriated funds are cited on a maintenance order, the period of maintenance shall automatically expire on September 30th of the contract period, or at the end of the contract period, whichever occurs first. Renewal of a maintenance order citing the new appropriation shall be required, if maintenance is to continue during any remainder of the contract period.

e. Cross-year Funding Within Contract Period. Where an ordering office's specific appropriation authority provides for funds in excess of a 12 month, fiscal year period, the ordering office may place an order under this schedule contract for a period up to the expiration of the contract period, notwithstanding the intervening fiscal years.

f. Ordering offices should notify the Contractor in writing thirty (30) calendar days prior to the expiration of maintenance service, if maintenance is to be terminated at that time. Orders for continued maintenance will be required if maintenance is to be continued during the subsequent period.

3. REPAIR SERVICE AND REPAIR PARTS/SPARE PARTS ORDERS

a. Agencies may use written orders, EDI orders, credit card orders, blanket purchase agreements (BPAs), or small order procedures for ordering repair service and/or repair parts/spare parts under this contract. Orders for repair service shall not extend beyond the end of the contract period.

b. When repair service is ordered, only one chargeable repairman shall be dispatched to perform repair service, unless the ordering office agrees, in advance, that additional repair personnel are required to effect repairs.

4. LOSS OR DAMAGE

When the Contractor removes equipment to his establishment for repairs, the Contractor shall be responsible for any damage or loss, from the time the equipment is removed from the Government installation, until the equipment is returned to such installation.

5. SCOPE

a. The Contractor shall provide maintenance for all equipment listed herein, as requested by the Government agency during the contract term. Repair service and repair parts/spare parts shall apply exclusively to the equipment types/models within the scope of this Information Technology Schedule.

b. Equipment placed under maintenance service shall be in good operating condition.

(1) In order to determine that the equipment is in good operating condition, the equipment shall be subject to inspection by the Contractor, without charge to the Government.

(2) Costs of any repairs performed for the purpose of placing the equipment in good operating condition shall be borne by the Contractor, if the equipment was under the Contractor's guarantee/warranty or maintenance responsibility prior to the effective date of the maintenance order.

(3) If the equipment was not under the Contractor's responsibility, the costs necessary to place the equipment in proper operating condition are to be borne by the Government, in accordance with the provisions of Special Item Number 132-12 (or outside the scope of this contract).

6. RESPONSIBILITIES OF THE GOVERNMENT

a. Government personnel shall not perform maintenance or attempt repairs to equipment while such equipment is under the purview of a maintenance order, unless agreed to by the Contractor.

b. Subject to security regulations, the Government shall permit access to the equipment which is to be maintained or repaired.

7. RESPONSIBILITIES OF THE CONTRACTOR

For equipment not covered by a maintenance contract or warranty, the Contractor's repair service personnel shall complete repairs as soon as possible after notification by the Government that service is required. Within the service areas, this repair service should normally be done within 4 hours after notification.

8. MAINTENANCE RATE PROVISIONS

a. The Contractor shall bear all costs of maintenance, including labor, parts, and such other expenses as are necessary to keep the equipment in good operating condition, provided that the required repairs are not occasioned by fault or negligence of the Government.

b. REGULAR HOURS

The basic monthly rate for each make and model of equipment shall entitle the Government to maintenance service during a mutually agreed upon nine (9) hour principal period of maintenance, Monday through Friday, exclusive of holidays observed at the Government location.

c. AFTER HOURS

Should the Government require that maintenance be performed outside of Regular Hours, charges for such maintenance, if any, will be specified in the pricelist. Periods of less than one hour will be prorated to the nearest quarter hour.

d. TRAVEL AND TRANSPORTATION

If any charge is to apply, over and above the regular maintenance rates, because of the distance between the Government location and the Contractor's service area, the charge will be:

Not Applicable e. QUANTITY DISCOUNTS

Quantity discounts from listed maintenance service rates for multiple equipment owned and/or leased by a Government agency are indicated below:

<u>Quantity Range</u>		<u>Discounts</u>
N/A	Units	_____ %
N/A	Units	_____ %
N/A	Units	_____ %

9. REPAIR SERVICE RATE PROVISIONS

a. **CHARGES.** Charges for repair service will include the labor charge, computed at the rates set forth below, for the time during which repairmen are actually engaged in work, and, when applicable, the charge for travel or transportation.

b. **MULTIPLE MACHINES.** When repairs are ordered by a Government agency on two or more machines located in one or more buildings within walking distance of each other, the charges will be computed from the time the repairman commences work on the first machine, until the work is completed on the last machine. The time required to go from one machine to another, or from one building to another, will be considered actual work performance, and chargeable to the Government, provided the time consumed in going between machines (or buildings) is reasonable.

c. **TRAVEL OR TRANSPORTATION**

(1) **AT THE CONTRACTOR'S SHOP**

(a) When equipment is returned to the Contractor's shop for adjustments or repairs which are not covered by the guarantee/warranty provision, the cost of transportation, packing, etc., from the Government location to the Contractor's plant, and return to the Government location, shall be borne by the Government.

(b) The Government should not return defective equipment to the Contractor for adjustments and repairs or replacement without his prior consultation and instruction.

(2) **AT THE GOVERNMENT LOCATION (Within Established Service Areas)**

When equipment is repaired at the Government location, and repair service rates are established for service areas or zones, the listed rates are applicable to any Government location within such service areas or zones. No extra charge, time, or expense will be allowed for travel or transportation of repairmen or machines to or from the Government office; such overhead is included in the repair service rates listed.

(3) **AT THE GOVERNMENT LOCATION (Outside Established Service Areas)**

(a) The repair service rates listed for subparagraph (2) above apply, except that a travel charge of N/A per mile for repairmen will apply to the round-trip distance between the geographic limits of the applicable service area and the Government location. Such charge will apply as an additional charge, but it will be limited to one round trip for each request that is made by the ordering activity for repair service, regardless of whether repairs are performed at the Government location or at the Contractor's shop.

(b) When the overall travel charge computed at the above mileage rate is unreasonable (considering the time required for travel, actual and necessary transportation costs, and the allowable Government per diem rate for each night the repairman is required to remain overnight at the Government location), the Government shall have the option of reimbursing the Contractor for actual costs, provided that the actual costs are reasonable and allowable. The Contractor shall furnish the Government with a report of travel performed and related expenses incurred. The report shall include departure and arrival dates, times, and the applicable mode of travel.

d. LABOR RATES

(1) REGULAR HOURS

The Regular Hours repair service rates listed herein shall entitle the Government to repair service during the period 8:00 a.m. to 5:00 p.m., Monday through Friday, exclusive of holidays observed at the Government location. There shall be no additional charge for repair service which was requested during Regular Hours, but performed outside the Regular Hours defined above, at the convenience of the Contractor.

(2) AFTER HOURS

When the Government requires that repair service be performed outside the Regular Hours defined above, except Sundays and Holidays observed at the Government location, the After Hours repair service rates listed herein shall apply. The Regular Hours rates defined above shall apply when repair service is requested during Regular Hours, but performed After Hours at the convenience of the Contractor.

(3) SUNDAYS AND HOLIDAYS

When the Government requires that repair service be performed on Sundays and Holidays observed at the Government location, the Sundays and Holidays repair service rates listed herein shall apply. When repair service is requested to be performed during Regular Hours and/or After Hours, but is performed at the convenience of the Contractor on Sundays or Holidays observed at the Government location, the Regular Hours and/or After Hours repair service rates, as applicable, shall apply.

REPAIR SERVICE RATES				
Location	Minimum Charge *	Regular Hours Per Hour **	After Hours Per Hour**	Sundays and Holidays Per Hour
Contractor's Shop	N/A	See Repair Pricelist which follows new parts	N/A	N/A
Government Location (within established service areas)	N/A	N/A	N/A	N/A
Government Location (outside established service areas)	N/A	N/A	N/A	N/A

*MINIMUM CHARGES INCLUDE FULL HOURS ON THE JOB.

**FRACTIONAL HOURS, AT THE END OF THE JOB, WILL BE PRORATED TO THE NEAREST QUARTER HOUR.

10. REPAIR PARTS/SPARE PARTS RATE PROVISIONS

All parts, furnished as spares or as repair parts in connection with the repair of equipment, unless otherwise indicated in this pricelist, shall be new, standard parts manufactured by the equipment manufacturer. All parts shall be furnished at prices indicated in the Contractor's commercial pricelist dated 05/10/00, at a discount of 10% from such listed prices.

11. GUARANTEE/WARRANTY—REPAIR SERVICE AND REPAIR PARTS/SPARE PARTS**a. REPAIR SERVICE**

All repair work will be guaranteed/warranted for a period of two years.

b. REPAIR PARTS/SPARE PARTS

All parts, furnished either as spares or repairs parts will be guaranteed/warranted for a period two years.

12. INVOICES AND PAYMENTS**a. Maintenance Service**

(1) Invoices for maintenance service shall be submitted by the Contractor on a quarterly or monthly basis, after the completion of such period. Maintenance charges must be paid in arrears (31 U.S.C. 3324). PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.

(2) Payment for maintenance service of less than one month's duration shall be prorated at 1/30th of the monthly rate for each calendar day.

b. Repair Service and Repair Parts/Spare Parts

Invoices for repair service and parts shall be submitted by the Contractor as soon as possible after completion of work. Payment under blanket purchase agreements will be made quarterly or monthly, except where cash payment procedures are used. Invoices shall be submitted separately to each Government office ordering services under the contract. The cost of repair parts shall be shown as a separate item on the invoice, and shall be priced in accordance with paragraph #10, above. PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.

**TERMS AND CONDITIONS APPLICABLE TO
TERM SOFTWARE LICENSES (SPECIAL ITEM NUMBER 132-32),
PERPETUAL SOFTWARE LICENSES (SPECIAL ITEM NUMBER 132-33) AND
MAINTENANCE (SPECIAL ITEM NUMBER 132-34) OF GENERAL PURPOSE
COMMERCIAL INFORMATION TECHNOLOGY SOFTWARE**

1. INSPECTION/ACCEPTANCE

The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any software that has been tendered for acceptance. The Government may require repair or replacement of nonconforming software at no increase in contract price. The Government must exercise its post acceptance rights (1) within a reasonable time after the defect was discovered or should have been discovered; and (2) before any substantial change occurs in the condition of the software, unless the change is due to the defect in the software.

2. GUARANTEE/WARRANTY

- a. Unless specified otherwise in this contract, the Contractor's standard commercial guarantee/warranty as stated in the contract's commercial pricelist will apply to this contract.

3. TECHNICAL SERVICES

The Contractor, without additional charge to the Government, shall provide a hot line technical support number 1-800-561-0860 for the purpose of providing user assistance and guidance in the implementation of the software. The technical support number is available from 8:30 am to 6:00 pm Eastern Standard Time.

4. SOFTWARE MAINTENANCE

- a. Software maintenance service shall include the following:

See Mitel Product Warranty statement

- b. Invoices for maintenance service shall be submitted by the Contractor on a quarterly or monthly basis, after the completion of such period. Maintenance charges must be paid in arrears (31 U.S.C. 3324). PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.

5. PERIODS OF TERM LICENSES (132-32) AND MAINTENANCE (132-34)

- a. The Contractor shall honor orders for periods for the duration of the contract period or a lesser period of time.
- b. Term licenses and/or maintenance may be discontinued by the Government on thirty (30) calendar days written notice to the Contractor.
- c. Annual Funding. When annually appropriated funds are cited on an order for term licenses and/or maintenance, the period of the term licenses and/or maintenance shall automatically expire on September 30 of the contract period, or at the end of the contract period, whichever occurs first. Renewal of the term licenses and/or maintenance orders citing the new appropriation shall be required, if the term licenses and/or maintenance is to be continued during any remainder of the contract period.

d. Cross-Year Funding Within Contract Period. Where an ordering office's specific appropriation authority provides for funds in excess of a 12 month (fiscal year) period, the ordering office may place an order under this schedule contract for a period up to the expiration of the contract period, notwithstanding the intervening fiscal years.

e. Ordering offices should notify the Contractor in writing thirty (30) calendar days prior to the expiration of an order, if the term licenses and/or maintenance is to be terminated at that time. Orders for the continuation of term licenses and/or maintenance will be required if the term licenses and/or maintenance is to be continued during the subsequent period.

6. UTILIZATION LIMITATIONS - (132-32, 132-33, AND 132-34)

a. Software acquisition is limited to commercial computer software defined in FAR Part 2.101.

b. When acquired by the Government, commercial computer software and related documentation so legend shall be subject to the following:

(1) Title to and ownership of the software and documentation shall remain with the Contractor, unless otherwise specified.

(2) Software licenses are by site and by agency. An agency is defined as a cabinet level or independent agency. The software may be used by any subdivision of the agency (service, bureau, division, command, etc.) that has access to the site the software is placed at, even if the subdivision did not participate in the acquisition of the software. Further, the software may be used on a sharing basis where multiple agencies have joint projects that can be satisfied by the use of the software placed at one agency's site. This would allow other agencies access to one agency's database. For Government public domain databases, user agencies and third parties may use the computer program to enter, retrieve, analyze and present data. The user agency will take appropriate action by instruction, agreement, or otherwise, to protect the Contractor's proprietary property with any third parties that are permitted access to the computer programs and documentation in connection with the user agency's permitted use of the computer programs and documentation. For purposes of this section, all such permitted third parties shall be deemed agents of the user agency.

REVISION – AMENDMENT #1

(3) Except as is provided in paragraph 8.b(2) above, the Government shall not provide or otherwise make available the software or documentation, or any portion thereof, in any form, to any third party without the prior written approval of the Contractor. Third parties do not include prime Contractors, subcontractors and agents of the government who have the Government's permission to use the licensed software and documentation at the facility, and who have agreed to use the licensed software and documentation only in accordance with these restrictions. This provision does not limit the right of the Government to use software, documentation, or information therein, which the Government may already have or obtains without restrictions.

(4) The Government shall have the right to use the computer software and documentation with the computer for which it is acquired at any other facility to which that computer may be transferred, or in cases of disaster recovery, the Government has the right to transfer the software to another site if the Government site for which it is acquired is deemed to be unsafe for Government personnel; to use the computer software and documentation with a backup computer when the primary computer is inoperative; to copy computer programs for safekeeping (archives) or backup purposes; to transfer a copy of the software to another site for purposes of benchmarking new hardware and/or software; and to modify the software and documentation or combine it with other software, provided that the unmodified portions shall remain subject to these restrictions.

(5) "Commercial Computer Software" may be marked with the Contractor's standard commercial restricted rights legend, but the schedule contract and schedule pricelist, including this clause, "Utilization Limitations" are the only governing terms and conditions, and shall take precedence and supersede any different or additional terms and conditions included in the standard commercial legend.

7. SOFTWARE CONVERSIONS - (132-32 AND 132-33)

Full monetary credit will be allowed to the Government when conversion from one version of the software to another is made as the result of a change in operating system , or from one computer system to another. Under a perpetual license (132-33), the purchase price of the new software shall be reduced by the amount that was paid to purchase the earlier version. Under a term license (132-32), conversion credits which accrued while the earlier version was under a term license shall carry forward and remain available as conversion credits which may be applied towards the perpetual license price of the new version.

8. DESCRIPTIONS AND EQUIPMENT COMPATIBILITY

The Contractor shall include, in the schedule pricelist, a complete description of each software product and a list of equipment on which the software can be used. Also, included shall be a brief, introductory explanation of the modules and documentation which are offered.

USA COMMITMENT TO PROMOTE SMALL BUSINESS PARTICIPATION PROCUREMENT PROGRAMS

PREAMBLE

Mitel, Inc. provides commercial products and services to the Federal Government. We are committed to promoting participation of small, small disadvantaged and women-owned small businesses in our contracts. We pledge to provide opportunities to the small business community through reselling opportunities, mentor-protégé programs, joint ventures, teaming arrangements, and subcontracting.

COMMITMENT

To actively seek and partner with small businesses.

To identify, qualify, mentor and develop small, small disadvantaged and women-owned small businesses by purchasing from these businesses whenever practical.

To develop and promote company policy initiatives that demonstrate our support for awarding contracts and subcontracts to small business concerns.

To undertake significant efforts to determine the potential of small, small disadvantaged and women-owned small business to supply products and services to our company.

To insure procurement opportunities are designed to permit the maximum possible participation of small, small disadvantaged, and women-owned small businesses.

To attend business opportunity workshops, minority business enterprise seminars, trade fairs, procurement conferences, etc., to identify and increase small businesses with whom to partner.

To publicize in our marketing publications our interest in meeting small businesses that may be interested in subcontracting opportunities.

We signify our commitment to work in partnership with small, small disadvantaged and women-owned small businesses to promote and increase their participation in Federal Government contracts. To accelerate potential opportunities please contact Glenda Paquin, Phone: (613-592-2122), Glenda_Paquin@Mitel.com, FAX: (613-592-1284).

TERMS AND CONDITIONS

**BEST VALUE
BLANKET PURCHASE AGREEMENT
FEDERAL SUPPLY SCHEDULE
(Insert Customer Name)**

In the spirit of the Federal Acquisition Streamlining Act
____(Agency)____ and ____ (Contractor)____ enter into a cooperative agreement to further reduce the administrative costs of acquiring commercial items from the General Services Administration (GSA) Federal Supply Schedule Contract(s) _____.

Federal Supply Schedule contract BPAs eliminate contracting and open market costs such as: search for sources; the development of technical documents, solicitations and the evaluation of offers. Teaming Arrangements are permitted with Federal Supply Schedule Contractors in accordance with Federal Acquisition Regulation (FAR) 9.6.

This BPA will further decrease costs, reduce paperwork, and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for the **Government that works better and costs less.**

BPA NUMBER _____

TERMS AND CONDITIONS

**(CUSTOMER NAME)
BLANKET PURCHASE AGREEMENT**

Pursuant to GSA Federal Supply Schedule Contract Number(s) _____, Blanket Purchase Agreements, the Contractor agrees to the following terms of a Blanket Purchase Agreement (BPA) EXCLUSIVELY WITH (Ordering Agency):

(1) The following contract items can be ordered under this BPA. All orders placed against this BPA are subject to the terms and conditions of the contract, except as noted below:

MODEL NUMBER/PART NUMBER	*SPECIAL BPA DISCOUNT/PRICE
_____	_____
_____	_____

(2) Delivery:

DESTINATION	DELIVERY SCHEDULE/DATES
_____	_____
_____	_____

(3) The Government estimates, but does not guarantee, that the volume of purchases through this agreement will be _____.

(4) This BPA does not obligate any funds.

(5) This BPA expires on _____ or at the end of the contract period, whichever is earlier. (6) The following office(s) is hereby authorized to place orders under this BPA:

OFFICE	POINT OF CONTACT
_____	_____
_____	_____

(7) Orders will be placed against this BPA via Electronic Data Interchange (EDI), FAX, or paper.

(8) Unless otherwise agreed to, all deliveries under this BPA must be accompanied by delivery tickets or sales slips that must contain the following information as a minimum:

- (a) Name of Contractor;
- (b) Contract Number;
- (c) BPA Number;
- (d) Model Number or National Stock Number (NSN);
- (e) Purchase Order Number;
- (f) Date of Purchase;

(g) Quantity, Unit Price, and Extension of Each Item (unit prices and extensions need not be shown when incompatible with the use of automated systems; provided, that the invoice is itemized to show the information); and

- (h) Date of Shipment.

9) The requirements of a proper invoice are specified in the Federal Supply Schedule contract. Invoices will be submitted to the address specified within the purchase order transmission issued against this BPA.

(10) The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of this BPA and the Contractor's invoice, the provisions of this BPA will take precedence.

BASIC GUIDELINES FOR USING "CONTRACTOR TEAM ARRANGEMENTS"

Federal Supply Schedule Contractors may use "Contractor Team Arrangements" (see FAR 9.6) to provide solutions when responding to a customer agency requirements.

These Team Arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Supply Schedule contracts.

Orders under a Team Arrangement are subject to terms and conditions or the Federal Supply Schedule Contract.

Participation in a Team Arrangement is limited to Federal Supply Schedule Contractors.

Customers should refer to FAR 9.6 for specific details on Team Arrangements.

Here is a general outline on how it works:

- (1) The customer identifies their requirements.
- (2) Federal Supply Schedule Contractors may individually meet the customers needs, or -
- (3) Federal Supply Schedule Contractors may individually submit a Schedules "Team Solution" to meet the customer's requirement.
- (4) Customers make a best value selection.

U.S. PRODUCT WARRANTY

a. Mitel warrants that its private branch exchange (PBX) PRODUCTS (as well as Mitel Mail®), except the firmware and software program components thereof, will, if delivered by Customer to the end-user in undamaged condition, be free from defects in material and workmanship under normal use and service for a period of either fifteen (15) months from the date of shipment by Mitel to Customer or twelve (12) months from the date Customer cuts over the PRODUCT whichever is sooner.

b. Mitel likewise warrants that the software and firmware program components of such pbx PRODUCTS, to the extent such are utilized to provide an operating system or an embedded application (“inside the skins”) for a Mitel pbx telecommunications system, will perform for the same period of time, substantially in conformity with the Mitel provided technical documentation (functional and operating specifications) that Mitel publishes regarding same (end-user reference and operating manuals and guides relating to the program). The software and firmware media will nevertheless be warranted as stated in subparagraph a., above.

c. Mitel likewise warrants that the software and firmware program components of its PRODUCTS, to the extent such are utilized to provide an external (peripheral) operating system or an external (peripheral) application for a Mitel pbx or for a Mitel computer telephony integration telecommunications system, will perform for a period of either one hundred twenty (120) days from the date of shipment or ninety (90) days from the date Customer cuts over the PRODUCT, whichever is sooner. The software and firmware media will nevertheless be warranted as stated in subparagraph a), above.

d. MITEL DOES NOT, HOWEVER, WARRANT THAT THE FUNCTIONS CONTAINED IN THE SOFTWARE AND FIRMWARE PROGRAMS AS DESCRIBED IN SUBPARAGRAPHS b) AND c) ABOVE, WILL SATISFY CUSTOMER’S PARTICULAR PURPOSE AND/OR REQUIREMENTS OR THAT THE OPERATION OF THE PROGRAM WILL BE UNINTERRUPTED OR ERROR FREE.

e. Notwithstanding anything hereinabove to the contrary, any third-party developed and manufactured software or firmware that is not branded by Mitel as a Mitel PRODUCT and/or is included with a PRODUCT in an unmodified condition under license from a third-party (e.g., TASKE programs, a Microsoft program or Novell program) carries just the warranty of the Licensor which Mitel will pass through to the Customer. SUCH A NON-MITEL PROGRAM IS NOT SEPARATELY WARRANTED BY MITEL WITH THE SOLE EXCEPTION OF PHONEWARE AND FASTCALL WHICH ARE WARRANTED AS PER SUBPARAGRAPH c) above.

f. Mitel shall incur no liability under this warranty and this warranty is voidable by Mitel (a) if the PRODUCT is used other than under normal use, with certified repair and maintenance service and under proper environmental conditions, (b) if the PRODUCT is subject to abuse, misuse, neglect, flooding, fire, lightning, power surges or “dirty” power, third-party error or omission, acts of God, damage or accident, (c) if the PRODUCT is modified or altered (unless expressly authorized in writing by Mitel), (d) if the PRODUCT is installed or used in combination or in assembly with products not supplied or authorized by Mitel and/or which are not compatible with or are of inferior quality, design or performance to Mitel or Mitel supplied PRODUCTS so as to cause a diminution or degradation in functionality, (e) if there is a failure to follow specific restrictions in operating instructions. Or (f) if payment for PRODUCT has not been timely made.

g. The sole obligation of Mitel and the exclusive remedy and recourse of Customer under this warranty, or any other legal obligation, with respect to PRODUCT, including hardware, firmware, and software media, is for Mitel, at its election, to either repair and/or replace the allegedly defective PRODUCT or component(s) thereof and return (prepaid) same (if necessary), or grant a reimbursement credit with respect to the PRODUCT or component. With regard to a software program design defect, however, to the extent it prevents the program from providing specified functionality and/or operating as intended by Mitel, is service affecting, and prevents beneficial use of the product, Mitel does undertake to use its best efforts to devise a suitable corrective solution to the problem within a reasonable period of time; should said action, however, not substantially resolve the problem, then Mitel reserves the right to incorporate such solution in a new release ("stream") of software. The above, with regard to a software design defect, likewise, constitutes the sole obligation of Mitel and exclusive remedy of Customer hereunder with respect to PRODUCT.

h. The responsibility of Mitel to honor the express limited warranty stated above also shall be predicated on receiving timely written notice of the alleged defect(s) with as much specificity as is known within thirty (30) calendar days of the malfunction or by the expiration of the warranty period (plus thirty [30] calendar days), whichever occurs first. Mitel shall further have the right to inspect and test the PRODUCT to determine, in its reasonable discretion, if the alleged malfunction is actually due to defects in material or workmanship. Unless waived by Mitel, Customer agrees to return (prepaid) the allegedly defective PRODUCT or component to Mitel for inspection and/or testing, and, if appropriate, for repair and/or replacement.

i. THE ABOVE EXPRESS LIMITED WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, FROM MITEL (INCLUDING ITS PARENT) AND THERE ARE NO OTHER WARRANTIES WHICH EXTEND BEYOND THE FACE OF THIS WARRANTY. ALL OTHER WARRANTIES WHATSOEVER, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY AND THE IMPLIED WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE RELATING TO USE OR PERFORMANCE OF THE PRODUCT, INCLUDING ITS PARTS, ARE HEREBY EXCLUDED AND DISCLAIMED.

j. IN NO EVENT SHALL MITEL (INCLUDING ITS PARENT) UNDER ANY CIRCUMSTANCES, BE LIABLE FOR NOR SHALL CUSTOMER (DIRECTLY OR INDIRECTLY) BE ENTITLED TO ANY SPECIAL, CONSEQUENTIAL, INCIDENTAL, INDIRECT, PUNITIVE OR EXEMPLARY DAMAGES AS A RESULT OF THE SALE OR LEASE OF PRODUCT, INCLUDING BUT NOT LIMITED TO FAILURE TO TIMELY DELIVER THE PRODUCT OR FAILURE OF PRODUCT TO ACHIEVE CERTAIN FUNCTIONALITY, OR ARISING OUT OF THE USE OR INABILITY TO USE THE PRODUCT, IN WHOLE OR IN PART AND INCLUDING BUT NOT LIMITED TO LOSS OF PROFIT, LOSS OF USE, DAMAGE TO BUSINESS OR DAMAGE TO BUSINESS RELATIONS. MITEL SHALL NOT BE LIABLE FOR PERSONAL INJURY OR PROPERTY DAMAGE UNLESS CAUSED SOLELY BY MITEL'S NEGLIGENCE.

CONDITIONS CONCERNING USE OF MITEL SOFTWARE

- a. Customer receives no right to use any Mitel Software except by the grant of an express written license from Mitel as delineated in the underlying Agreement. Customer agrees to use the Mitel Software only in conjunction with the Mitel PRODUCTS with which it is intended to operate. Customer agrees that all Mitel Software shall be treated as the exclusive property of Mitel or its suppliers, as appropriate, and a proprietary trade secret of Mitel or its suppliers, as appropriate. Customer shall take those steps as may be necessary to hold the Mitel Software in confidence for the benefit of Mitel or its suppliers, as appropriate. Customer shall not provide or make the Mitel Software available to any person other than its employees on a "need to know" basis and shall issue adequate instructions to those persons necessary to satisfy Customer's obligations under this provision.
- b. Customer shall not execute, use, copy, alter or modify the Mitel Software (except for making a back-up copy) or take any action inconsistent with the exclusive ownership interest of Mitel or its suppliers, as appropriate, in the Mitel Software. Customer shall not decompile, reverse assemble, analyze or otherwise examine for reverse engineering purposes the Mitel Software, in whole or in part, or any firmware implementation of the Mitel Software. Customer may not sublicense the Mitel Software, in whole in or part, without first assuring that its sublicensee agrees, in writing, to adhere to the terms hereof. Customer may only use the Mitel Software in conjunction with the Mitel equipment configuration on which the Mitel Software may be executed and at the originally installed site without obtaining written permission otherwise from Mitel. Upon termination of this license, Customer shall deliver to Mitel all material supplied by Mitel pertaining to the license.
- c. During the term of this Agreement, and when not in default or breach hereunder, Customer shall have the right to sublicense the Mitel Software to its customers subject to the terms hereof and only for the operation by its customers of associated Mitel PRODUCTS. Customer agrees to take prompt steps to terminate any sub-license granted hereunder by Customer under direction from Mitel if its customer fails to comply with the terms of such sub-license and does not cure such failure within ten (10) days written notice from Customer.

TOLL FRAUD DISCLAIMER/WARNING

Mitel disclaims any express or implied warranty that its equipment is technically immune from or prevents fraudulent intrusions into and/or unauthorized use of the system (including its interconnection to the long distance network). Customer is hereby warned that fraudulent use of the system, including but not limited to DISA, auto-attendant, voice mail, 800, 888, 900, and 10XXX/10XXXXX service, is possible, and Customer agrees to warn its customers of such. Mitel also warns Customer that while telecommunications systems are not immune from toll fraud by an intervening criminal act, that Mitel has published a Technical Service Bulletin entitled "PABX-CDE Programming Pertaining to Unauthorized Toll Calling Access", which, if its recommendations are properly followed, will help minimize the threat of fraudulent intrusion into the system for the purpose of gaining access to a long distance line.

INVASION OF PRIVACY DISCLAIMER/WARNING

Mitel hereby disclaims any express or implied warranty that its equipment is technically immune from or prevents unlawful and/or unauthorized utilization that may result in invasion of one's right to privacy. Mitel hereby warns Customer that such is possible, and Customer agrees to warn its customers of such.

U.S. PRODUCT WARRANTY

LOSS OR THEFT OF DATA

Mitel hereby disclaims any express or implied warranty that its equipment is technically immune from or prevents improper, unlawful and/or unauthorized utilization that may result in the loss of or theft of electronic data. Mitel hereby warns Customer that such is possible, and Customer agrees to warn its customers of such.

b. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

c. Limitation of Liability. Except as otherwise provided by an express or implied warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

d. If inspection and repair of defective equipment under this warranty will be performed at the Contractor's plant, the address is as follows:

Mitel, Inc.
120 Chimney Point Drive
Ogdensburg, NY 13669-2292

PROGRAM: SX-2000 SOFTWARE MIGRATION (Continued)

MK083DA	\$6,575.10	Lightware 26/27 To Lightware 30 Upgrade NOTE(S): May require a Hard Disk Drive Upgrade (MK192AA). Includes an RSD Upgrade Kit (MK191AA). The Mass Storage Expander Card must be at rev. A.11 for Redundant Systems. Software Assurance may be ordered with this part. All software options detailed in the "Dimension & Features" Form attached to this order are re-licensed at no charge. System Documentation is included in this upgrade. A Software Application Form and LW30 Certification are required.
MK102CA	\$9,393.00	Dark-to-LIGHT LW30 Upgrade (All Software Levels) NOTE(S): Includes System Software, Documentation and System Identification Module. Only valid for purchase if upgrading systems from the DARK platform. All software options detailed in the "Dimension & Features" Form attached to this order are re-licensed at no charge. System Documentation is included in this upgrade. LW30 Certification is required. Refer to Program Bulletin for details regarding required product returns. For Non-redundant DARK to Redundant LIGHT upgrades include MSA-A-12 at no charge on your Purchase Order. When upgrading from DARK to LIGHT, the database must be re-entered manually.
MK192AA	\$444.40	SX-2000 Hard Disk Drive Upgrade NOTE(S): A LIGHTWARE 30 Upgrade MUST be ordered at the same time as the Hard Disk Drive Upgrade in order to be eligible for this Program. Includes: 9400-300-306-NA Hard Disk Drive (Qty. 1)

ML010AA \$1,408.95 Software Assurance - 1 Future Core Load

NOTE(S):
 Must be purchased with the following part numbers:
 9125-500-030-NA/ MK080DA/ MK082DA/ MK083DA/ MK102CA
 MK370AA/ MK371AA/ MR010AA/ MR011AA/ MR012AA

MR011AA \$0.00 May be ordered up to a maximum of 2 times.
 SW Assurance One Core Load Redemption via OPs
 Manager

NOTE(S):
 Can only be used by Software Assurance
 Customers on a LIGHT platform, operating
 OPS Manager, to redeem one free software
 load. Reference Software
 Assurance Plan Number and System ID
 on the Purchase Order.
 Order one part number per switch in the Network.
 Must be ordered with 9148-000-530-NA LW30
 OPS CD-Rom.

MR012AA \$0.00 Software Assurance Two Core Load Redemption

NOTE(S):
 Can only be used by Software Assurance
 Customers on a LIGHT platform to redeem
 two free software loads.
 Reference Software Assurance Plan Number
 and System ID on the Purchase Order.
 Order one part number per switch in the Network.
 Must be ordered with 9148-000-530-NA LW30
 OPS CD-Rom.

PROGRAM: SX-2000 HARDWARE UPGRADE

MK139AA \$4,888.40 18" Non-Redun Redun

INCLUDE(S):

NUPOINT MESSENGER (70) SYSTEMS (Continued)

9150-262-072-NA \$3,661.50 Mitel NuPoint Messenger 70 Lite ENG: 4 Port/30 hr, SX-200

NOTE(S):
 Includes:
 4 Loop Start Ports (LS Ports)
 30 Hours Message Storage
 Mitel NP Receptionist Software
 English Prompts
 Mitel PBX Enhanced Inband Integration

The only options that can be installed on a Mitel NuPoint Messenger system are PMS Integrations/ Hotel prompts/ and CTI (Serial) cards. These options must be ordered separately direct from Mitel after the system has been received and a System Information Report is printed. Any other hardware or software options will require the system to be upgraded to a Mitel NuPoint Messenger system.

NUPOINT MESSENGER (70) BASE SOFTWARE

9150-431-700-NA \$0.00 Mitel NuPoint Messenger Softkeys

NOTE(S):
 Must also order 9109-532-011-NA to enable SX-200 softkey option (no charge) or MSA-A-53 to enable SX-2000 softkey option (no charge).
 For Models 120R/120S/640, for all System Sales, this part must be ordered directly from Mitel.
 In the U.S. Channels only: For Model 70 New System Sales this part must be ordered from Wholesale Distribution.

NUPOINT MESSENGER (70) SW INTEGRATION KITS

6904-70-B1 \$231.07 Logistics/PMS Integration - Model 70

NOTE(S):
 May require a serial port card.

9150-420-154-NA \$153.67 PTI Telcom Link Kit

NOTE(S):
 You must also order a 2-port Serial Card (MVIP) 6286 from wholesale distribution.

Provides connectivity with Protocol Technologies Telcom Link
